THE GAP

The mandate grew.

The team didn’t.

THE GAP

+8%

workload in 2026 — as headcount and budget shrink

THE TRAP

More hours won’t close it.

It’s a design problem, not an effort problem.

WHAT NXT DOES

Re-cut the work: people keep the judgment, agents take the grind.

The redesign comes first. Technology follows it.

THE VALUE YOU KEEP

Close the gap on the team you already have.
