SAVINGS

The saving you can’t find.

SAVINGS

20–30%

of contracted value leaks before it reaches the P&L

Source: Nexdigm / BioSpectrum, 2025

THE TRAP

It leaks between the contract and the invoice.

Finance stops believing the number.

WHAT NXT DOES

Human + agent checkpoints at intake, PO and invoice.

Catch it where it happens.

THE VALUE YOU KEEP

The savings you negotiated actually land — and you can prove it.
